Competition Format

The Golf Foundation has produced a standard framework that will be adopted throughout the competition.

- Teams will complete a 10 station Tri-golf cluster festival.
- This comprises of 8 skill activities and 2 non scoring bunker rest stops.
- Each team of 10 players will accumulate a score for each game and a total score for the festival.
- The team with the highest score wins the event.
- Each team of 10 players will be split into 2 teams of 5 so that there will be 2 groups of 5 players on each tee per game.
- There will be 2 minutes practice time and 5 minutes scoring time allocated on each game.

Scoring

- Tri Golf competitions allow children to compete individually and as part of a team.
- One person in each team is responsible for reading instructions and keeping score on scorecard. The scoring is explained on each card. A young leader would be ideal to assume this role.

Fair Play

The ideals of good sportsmanship and respect should permeate throughout all competitive and recreational sport. They are displayed by someone who abides by the rules of a contest, respects their opponents and accepts victory or defeat graciously.

HSBC Golf Roots places a particular focus on developing both playing and personal skills amongst all young people, termed skills for life by the Golf Foundation.

The activities within the Tri-Golf competition are designed so that a different life skill such as honesty or cooperation can be measured on each game. This allows an objective method for measuring and rewarding fair play and the positive values of sport at the end of each event.
