On behalf of the Manchester Schools' PE Association Board of Trustees and Executive team, I would like to welcome and thank you for joining us again for the 2020-21 academic year.

More than any other year, PE, School Sport & Physical Activity will be central to the social, emotional and physical wellbeing of our children & young people. The Association has broadened it's offer and I urge you to make the most of the fantastic opportunities, programmes, resources, guidance, training, leagues & competitions and plethora of wider opportunities to help you provide for all of your students.

I wish you an active and enjoyable year with us and we look forward to seeing your children and young people enjoying all the opportunities that your decision to join the Association affords them.

- Increasing confidence, knowledge and skills of all staff in teaching PE and sport.
- Broader experience of a range of sports and activities offered to all pupils.
- Increased participation in competitive sport.

DETERMINATION

PASSION

RESPECT

HONESTY

SELF BELIEF

TEAMWORK

All of our events will result in **SMILES**:

SAFE

participants feel physically and emotionally safe.

MAXIMUM PARTICIPATION

participants are fully involved all of the time, i.e. not hanging around.

INCLUSIVE

all participants can take part; activities are designed to suit and develop their abilities.

LEARNING

participants develop personal, social, creative, thinking and/or physical skills.

ENJOYMENT

activities recognise individuals' personal needs and interests.

SUCCESS

participants feel they are making progress and getting satisfaction.

While there isn't a specific letter for fair play, SMILES will happen for all participants if they feel a sense of fairness. Fairness underpins inclusion, enjoyment and success; it isn't just about 'rules'.

All of Manchester Schools' PE Association's events promote the Principles of Competition.

1. The young person's motivation, confidence and competence are at the centre of the competitions.
2. The focus is on the process rather than the outcome (on the learning and values development of the young person rather than the result).
3. Volunteers, leaders and officials are appropriately trained and display behaviours reflective of the nature of the competition.
4. The environment is safe and creates opportunities to learn and maximise social development.
5. The facility and the environment that is created for the competition reflects the motivations, competence and confidence of the young people and format of the competition.
