

Road to Tokyo 2021

The Tokyo Olympics will take place from 23 July – 8 August, with the Paralympics from 24 August - 5 September 2021.

Road to Tokyo Challenge

Can #TeamManchester schools travel from Manchester to Tokyo before the end of the school year? By running, jogging or cycling we are challenged to cover the distance 5,867 miles.

Anyone can take part, pupils, staff and parents/carers too. The daily mile, evening jogs and bike rides are some good ways to get the miles in and a great way to get your school and its community active!!!

All you have to do is collate your weekly mileage and the number of students/staff/parents/carers involved and send them over to simon.jones@whgs-academy.org every week in order to reach our final destination of Tokyo, the target is 5,867 miles all before July 19th 2021.

To support the road to Tokyo challenge, join our school challenges that will excite and engage your students.

Active Challenges

- 1. Take part in our Virtual Competitions and Challenges Primary / Secondary / SEND
- 2. Team relay which county us your school/class?
- 3. Create your own HIIT / exercise session with an Olympic theme
